Dear Sir/Madam,

Waste Carrier Registration renewal reminder

Registration Number: CBDU44375

The registration system renewals upgrade is taking longer than expected and will not be ready until September 2018.

Therefore your registration CBDU44375 as an Upper Tier carrier_broker_dealer will now expire on 22/09/2018

In order for you to operate lawfully in the interim period the Environment Agency has updated it's Regulatory Position Statement (RPS) which will:

- Extend your current registration by a further 2 months (for a total extension of 5-months) at no extra cost – you will not need to renew until the upgraded online registration system is ready.
- Make sure your business is still registered and visible on the public register during the extension period.
- The Environment Agency will not take enforcement action against you if you do not renew during the 5 month extension period.

The full RPS can be found here:

<https://www.gov.uk/government/publications/waste-carrier-broker-and-dealer-registration-renewals-due-after-25-march-2018-rps-208>

Closer to your new expiry date you can follow the link below to renew your registration online:

<https://www.gov.uk/waste-carrier-or-broker-registration>

You will be asked to log into your account with your email address and a password.

To renew you will need your existing registration number. You will retain this registration number when you complete your renewal application.

If your business details stay the same and you choose to renew on or before the expiry date, you will pay a reduced fee of £105.00. Your payment must clear by the expiry date for the reduced fee to apply.

If you do not renew on time, or you make significant changes to your details, for example changing from a Limited Company to a Sole Trader, you will be charged the full fee of £154.00.
